MELTING AND REFINING DEPARTMENT,

Philadelphia, Sept. 22nd, 1887.

Sir:

I have the honor to acknowledge the receipt of your request, of this date, that the Gold and Silver deposits of July and August, should be received from your Weigh Clerk, without further delay; and in answer, would respectfully submit; - That the delivery of the June deposits was made to me yesterday (Sept. 21st.) and is now being prepared for the Refinery; - that owing to insufficient Vault room, it would not be possible to securely keep the July and August deposits, until the June deposits are passed through the Refinery; - that the Gold & Silver bullion now charged to this Department is largely in excess of proper and safe storage room; the overflow of the Vault being kept in this Office, and the Court yard of the Mint; and the contracted Vault room being encumbered with car-loads of Gold and Silver Ingots ready for delivery.

In view of the above facts, I have to request that the
